Hello Race Fans, my name is David "Buggy" Pletcher and I am the driver of the #51 and I will be running for the 2003 USAR Hooters ProCup Series Championship.

My 12 years of racing experience includes 3 Rookie of the Year Awards, 4 Championships, 36 Races Won and I have finished the top 10 in points every series raced.

So read on and learn more about our team.

I celebrated victory with the team on 9/9/01 at the Chemung N.Y. Speedway. This was my first USAR Hooters ProCup win and it was sweet!

This is the #51 Chevrolet Monte Carlo I drive. It weighs 3,300 lbs., has 570 horsepower and is painted midnight black. When I am not racing I work full time preparing this car for the next race. It's a great job to have! By the way, we are switching to Ford for 2003.

Every track we race at has huge crowds. These pre-race autograph sessions give me an opportunity to thank the fans for all their support!

This is the "Rig" I drive to and from the races. It hauls 2 cars, parts, tools, pit equipment and contains full kitchen and bath. It also serves as a rolling billboard promoting "yours truly" as we travel the U.S.A.

The USAR Hooters ProCup Races are all televised in prime-time on Speed Channel which has over 45 million viewers. In this photo I am doing a pre-race interview. We also run "in car" camera during the races to promote our sponsors.

One of the opportunities racing has given me is to promote charities for children. In this photo are a group of children from the Children's DreamFund Foundation which supports those children with life-threatening illnesses by granting their wishes.

Imagine branding your company directly into a sport with our race team with a driver as handsome as me!

Come along for the ride with David L. Pletcher and the Mulbire Motorsports team sponsorship and be part of a winning formula for your business.
